

Downloading Your Webstore Purchase (on iOS devices)

First, make sure you have the FREE Forward Chess app.

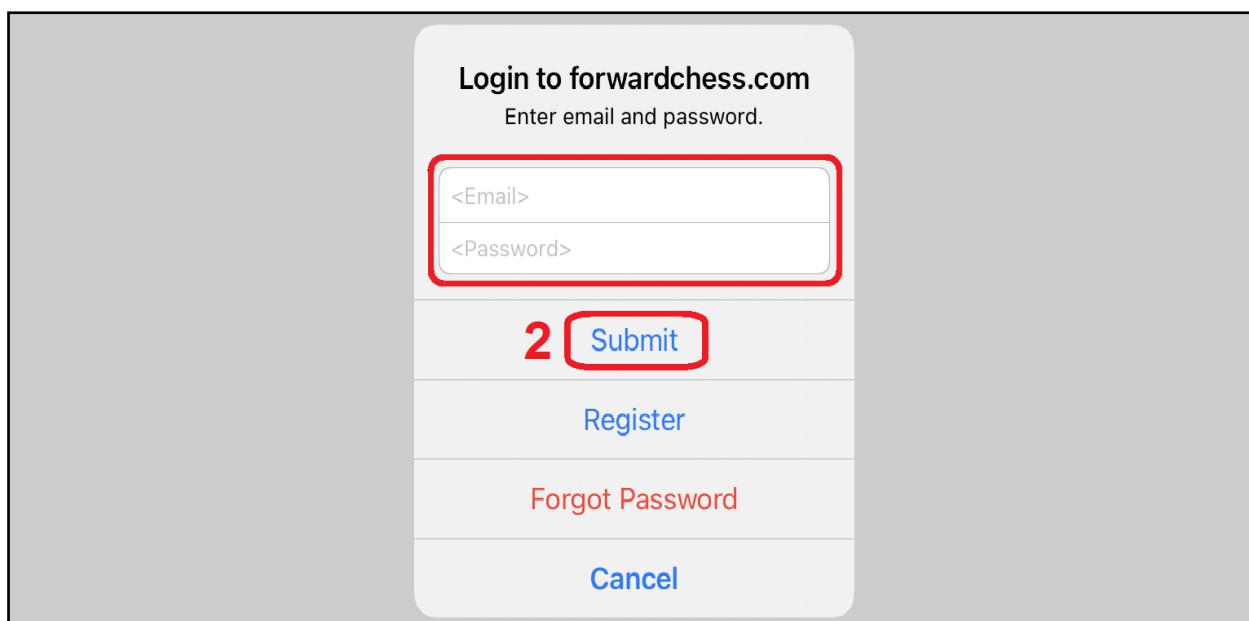

Forward Chess in App Store:

In the app, tap “account” icon on “My Books” tab (1)

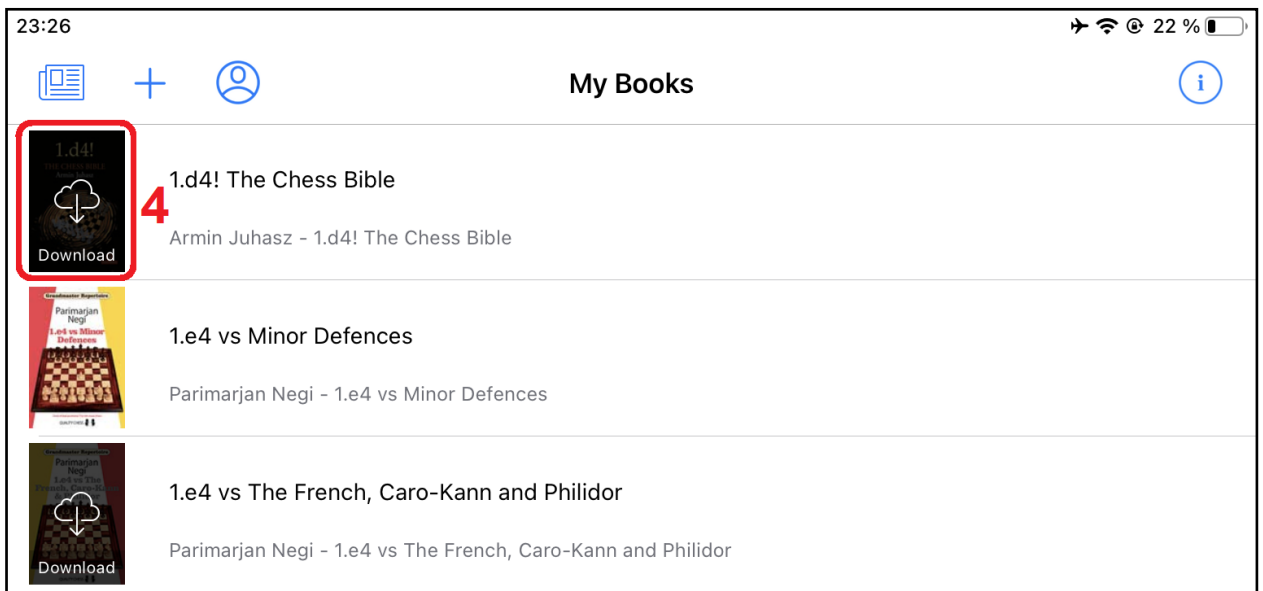

and log in (2) with the credentials you used to make purchase on the website (it is your **Forward Chess account**).

Once logged in, purchased book(s) will restore automatically after few seconds. Otherwise, pull to refresh on “My Books” tab (3) should help.

Restored book(s) will appear on “My Books” tab with an option to download by tapping its icon(s) (4).
